## Short training fellowship offer in **Phyloinformatics**

### **Where**

Computational Biology department at the Centre for Plant Genomics and Biotechnology (CBGP) in Madrid, Spain

### **About the Institute**

The Centre for Plant Genomics and Biotechnology (CBGP) is a joint (UPM-INIA) research institute of excellence located at the Montegancedo International Campus in Pozuelo de Alarcón, Madrid. Research activities at the CBGP are focused on plant biology and associated microorganisms. CBGP has relevant educational and training roles for Bachelor, Master and PhD students, and technicians, and has contributed to boost the scientific career and leadership of young scientists.

### **Tasks**

The selected candidate will work in the context of the project "ETE Toolkit: Phylogenomic Data Analysis and Visualization", funded by the CZI. ETE is a Python software that provides a comprehensive API to handle phylogenetic results and visualize large phylogenies.

### **Requirements:**

- Bachelor degree in Biotechnology, Computer Science or similar
- Strong computational biology background (i.e. MSc in related topics)
- Basic programming skills (preferably with Python experience) and Linux terminal proficiency
- Currently enrolled in any Spanish university program
- Fluent English

**Duration:** 1 month

**Salary:** according to UPM standards

**Deadline for applications:** Oct 21th, 2021

**Estimated Starting Date:** November 1st 2021

### **Application process:**

Send CV and motivation letter to [huerta.jaime@inia.es](mailto:huerta.jaime@inia.es)
