

POSTDOCTORAL RESEARCHER OFFER

QUINOA PROJECT

(Juan de la Cierva Fellowship Call of the Spanish Research Agency)

Dr. Raquel Iglesias Fernandez from CBGP (UPM-INIA) is seeking for a motivated Postdoctoral Researcher to work on the project **QUINOA4MED: Quinoa as a climate-smart crop diversification option for higher income generation from marginal lands in the Mediterranean. European Project PRIMA-2022**

Job profile Description: Highly motivated Postdoctoral Researcher that preferentially should have expertise in plant biochemistry, molecular physiology, and analytical characterization of metabolites. The researcher will use molecular, biochemical, and physiological approaches to identify quinoa genotypes tolerant to several abiotic stresses and will have the opportunity to interact with international groups that also participate in the project.

Deadline for application: January 15th, 2023

Contact Person (*send CV and motivation letter*)

Principal Investigator: Dr. Raquel Iglesias Fernández
